115th ANNUAL REPORT

Fiscal Year

July 1, 2006 - June 30, 2007

CITY OF

RUTLAND, VERMONT

This Annual Report Is Dedicated to The Entire Rutland Community For its Nor'icane Storm Response

The most important lesson learned from the Katrina disaster is that local municipalities must expect to rely only upon themselves during the first critical days of any catastrophic event. The cavalry is not going to ride in and "save the day", and the greater Rutland community has indeed set the standard and created the blueprint for how a locality should respond to a crisis.

I am not going to state the obvious and describe the challenges that we all met during and after the storm, because we all lived it. Instead, I want to thank the entire community for how you reacted to this most difficult of situations and highlight the contributions of those who so expertly met the challenge to restore some sense of normalcy to the City within 100 hours of the first gust of wind.

In no particular order of importance I want to first thank the core members of the City Emergency Operations Center team: Fire Chief Bob Schlachter, Police Chief Tony Bossi and Public Works Commissioner Paul Clifford. Their professionalism and leadership laid the groundwork for the City's response to the crisis. I must credit the City Fire and Police Department members for working tirelessly to ensure Rutland was both safe and secure, especially during the thick of the storm. I must give special thanks to the crews from Recreation and the Department of Public Works, the latter of which worked 14-16 hours each day under the able hands of Streets Supervisor Dan Maniery, who not only cleared the roads, but more importantly worked in partnership with the utility crews to get power back to all the citizens of the region. The residents can also be proud of the remaining workers throughout City government, who allowed the department heads to deal with the emergency while they continued to operate with business as usual.

Though it has been since April, I must reiterate that we should all be in awe of the employees of CVPS, Verizon and Comcast along with their colleagues from not just outside the state, but from outside the country as well. These folks worked as many as 20 hours each day to restore power, phone and cable service in the most difficult of conditions without even one injury.

My hat goes off to all the local radio stations, particularly WSYB and WJJR, for getting on the airwaves and keeping the public informed in real-time during the entire week. Thanks to The Bus for meeting the on-call transportation needs of the disaster response, be it getting individuals to the shelter or shuttling volunteers during the cleanup; to the Rutland Herald for timely and complete coverage of the event; to the Rutland Regional Medical Center for providing the location for the emergency shelter; to the Rutland Regional Field House and the Paramount Center for proving shower points; and to the County Solid Waste District for working to ensure that the cleanup was able to begin in earnest.

A number of volunteers and organizations deserve thanks as well for the time and energy they offered to take care of our basic needs, they are: the officers-in-training from the Vermont Police Academy and the members of the Rutland Police Explorers program who went door to door, providing face to face outreach and a sense of security during a critical time of need; the Vermont State Forest and Parks employees who seized the initiative and cleared roadways for emergency access; the Rutland Town Volunteer Fire Department who, without direction, identified the need for basement pumping services and guaranteed that all who needed emergency services were given assistance; the Red Cross who set up the emergency shelter and provided food service to disaster personnel; the Community Emergency Response Team who provided volunteers to man the shelter and help direct the cleanup; and the Open Door Mission and Director Sharon Russell who provided hot meals at the Emergency Operations Center.

Many local businesses stepped to the plate to provide services on a moment's notice or donated goods or services when time was of the essence. Special thanks goes to: J.P. Carrara and Sons for providing use to a crucial piece of land for the storage of storm debris; Midway Oil Corp. for allowing the City vehicles unlimited fuel access on a handshake agreement when the fuel supply was at a critical point and most pumps were offline; John and Doug Casella for providing invaluable technical expertise, a dozen trucks and 40 dedicated and energetic crew members during the initial cleanup phase.

As in all operations of this scope and complexity, there are always a few unheralded individuals without whom the mission would have been a bust, and this situation was no different. In addition to those specifically mentioned above, there are a handful of folks who deserve our special gratitude. They are: Paul Conner of the Local Emergency Planning Committee and Ross Nagy of Vermont Emergency Management, whose unflappable resolve and key input were vital to our success; Cindi Wight of the Recreation Dept. and Lynne Walsh of Rutland United Neighborhoods who coordinated the Saturday cleanup and its 300 volunteers; Rutland Health Officer Pam Petrie who was the conscience of the entire mission and ensured that our most basic needs were not forgotten; and most importantly Operations Supervisor Chris Gandin of CVPS whose knowledge, skill and pure professionalism led to the restoration of essential utility services with a speed that none of us thought possible.

When I saw the devastation surrounding me on April 16th, I knew that the people of this community would rise to the occasion and I was not disappointed. I want to thank the residents from the neighboring communities for all that they've done for the City, especially during the cleanup, we certainly could not have done it without you. We must also extend our thanks to the spouses and families of all those involved in the operation.

Most of all, I want to personally thank each and every citizen of this great City. Your patience, your compassion and your spirit is what made our recovery possible and what makes our community the unrivaled place to live that it is.

Mayor's Message

Christopher C. Louras, Mayor

To the Citizens of the City of Rutland

The 2006-2007 fiscal year will be remembered as one where the City of Rutland was at a crossroads, and as a year when the City determined what path it was to take into the future. It was a year that saw the election of a new Mayor, a new Treasurer, and four new members to the Board of Aldermen. And it was a year during which the City of Rutland boldly responded to terribly challenging storms, both weather-related and fiscal.

In the fall of 2006, at the beginning of the fiscal year, Rutland City residents and taxpayers were the recipients of the City's first reappraisal in nearly 20 years. The consequence of the reappraisal was a dramatic increase in many residential property valuations. In fact, because home values increased over the previous two decades at a greater rate than commercial properties, a higher tax burden subsequently fell on the backs of the home owner rather than the business owner. Additionally, at the same time the taxpayers were forced to absorb the additional cost of a 23% increase to water and sewer rates that were required to cover years of deficit spending within those departments. The result was an outcry that the taxpayer simply could not take any more.

Upon taking office, my first official act was to remove the "Mayor's" parking sign from the City Hall lot. It sent the message that all employees within Rutland City government, from the top down, would be treated in the same fair and equitable manner. My second act was to enact a spending and hiring freeze across all City departments. Every spending request had to first cross the Mayor's desk for approval before the expenditure took place. This measure definitively told all employees that the Mayor's office understood full well the financial dilemma we were in, and that cost controls would be taken very seriously. As a result, spending plummeted, morale soared, and the taxpayers received the same high level of services from an efficient, effective and cost-conscious City government.

New City Treasurer Wendy Wilton and I next turned our attention to the outstanding delinquencies of both property taxes and water and sewer fees. The total of all delinquencies owed to the City of Rutland were an amount well in excess of \$1,000,000. The level of tax delinquencies were a very real burden to all taxpayers who diligently paid their fair share on time, and the collection of those delinquencies became one of the highest priority items of the new administration.

Shortly after taking office, I determined that the City of Rutland could, and would, operate more efficiently. The decision was made to consolidate some positions and offices within

the City Hall workforce. This action resulted in significant savings through the end of the 2006-2007 fiscal year, and were to provide for more than an annual quarter of a million dollars in savings going forward.

The highlight of the year was the April "Nor'icane", a true disaster that was all but averted due to the admirable and outstanding response of the entire community. In the early morning hours of April 16th, freak winds in excess of 80 miles per hour blew in from the east which resulted in literally thousands of uprooted and downed trees. Widespread destruction to the region's electrical transmission and distribution system necessitated a declaration of emergency by the Governor and the Federal Government, but the City and larger community persevered. Rutland's police, fire, recreation and, especially, public works departments worked long and tireless hours to protect the City's citizens and help the highly trained professionals of Central Vermont Public Service, Verizon and Comcast to restore our essential services. Hundreds of volunteers turned out to help pick up our streets and their neighbors' yards. The storm could have been an unmitigated disaster, but instead it became the City's finest hour.

I would like to thank the taxpayers and residents of the City of Rutland for the confidence and patience that they have shown my administration. Rutland has turned a corner and now that our fiscal house is in order, we must now turn our attention to economic development initiatives. The only way to reduce the overwhelming tax burden felt by all of us is to grow ourselves out of the doldrums we find ourselves in. We have proved that City government can operate more efficiently and effectively. Now it is time to put the City's, and the region's, best foot forward to promote our larger community as a place to establish rewarding and sustainable business opportunities.

Board of Aldermen President's Report

David Allaire, President

To the citizens of the City of Rutland:

It is with pleasure I submit the report of the Board of Aldermen. This past year has been one of significant change for your Rutland City Board of Aldermen.

In March, voters elected a new Mayor, a new city Treasurer and four new members of the Board of Aldermen. The transition to the new administration has been one that has presented many challenges as well as many opportunities. The board, in my view, has been meeting these challenges with determination, hard work, and direction, working toward the future. I believe the city has been well served.

As many know, the city has faced many financial issues in the recent past. According to our latest audit, as well as reports from the State Auditor and our Financial Institutions, the city has put in place procedures and recommendations to secure our financial future. While this process is ongoing, I'm confident our city's finances are stable, and that everyone working at City Hall is striving to present the level of city services taxpayers expect, at the lowest possible cost.

Finally, I would be remiss in not mentioning the outstanding work done by the City Administration, Fire Department, Police Department and Public Works Department, and everyone involved in last Spring's storm dubbed the "Nor'icane." The teamwork I witnessed that week was of a level I had never seen. We, in the City of Rutland, are blessed to have such dedicated individuals working for our city, and we all owe a debt of gratitude for their hard work and perseverance during a challenging, once in a lifetime event.

On behalf of the Board of Aldermen, thank you to the Administration, Department Heads and everyone working at City Hall, and thank you to the citizens of the City of Rutland.

VOTER INFORMATION

Where to Register:

CITY CLERK'S OFFICE
CITY HALL

Monday through Friday
8:30 a.m. to 5:00 p.m.
773-1801

Annual City Election
will be held
Tuesday, March 4, 2008

Ward 1 - Polling Place Senior Citizens Center, Deer Street

Ward 2 - Polling Place Christ the King School, Killington Avenue

Ward 3 - Polling Place American Legion, Washington Street

Ward 4 - Polling Place Calvary Bible Church, Meadow Lane

City Assessor's Office

Barry J. Keefe, City Assessor

To the Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for the fiscal year ending June 30, 2007.

A year after the City reappraisal, the Grand List is \$1,000,530,690. We currently have 5,957 parcels of taxable real estate totaling \$957,654,634. The balance of the Grand List is Business Personal Property totaling \$42,876,056.

For the first time since the implementation of the State property tax rebate program, the City received directly \$2,045,058 from the tax department to be applied to 2,235 tax bills. About 48% of the residential homes in the City saw various degrees of tax relief due to income sensitivity averaging \$915.

The common level of appraisal (CLA) which is the ratio of listed values to sales is a healthy 100.61%. This ratio is important to ensure maximum State funding of Rutland Public Schools.

The City is now served by New England Municipal Resource Center (NEMRC) which allows for direct electronic communication of taxpayer information with the State and this has been a huge help in serving the public.

Thanks to my secretary, Marlies Washburn for her support and service to the public.

Building and Zoning Department

James P. Simonds, Building Inspector and Zoning Administrator

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Annual Report - July 1, 2006 - June 30, 2007

	<u>Value</u>
Certificates of Occupancy Issued	1,073
Building Permits Issued	151
New Commercial Construction	\$4,669,000
Commercial Renovations	1,643,773
New Residential Construction	3,260,842
Residential Renovations	2,311,057
 Total Building Permit Fees Collected	 \$22,037
Other Fees Collected:	
25 Sign Permits	\$850
31 Development Review Board Hearings	2,875

Office of the City Clerk

Rodney D. Pulsifer, City Clerk

To the Citizens of the City of Rutland:

L to R: Sara Magro, Patricia Marceau, Susan Clark, Rodney Pulsifer

The following is the report of the City Clerk for the year ending June 30, 2007.

FY 2007 was an extremely busy year with regards to elections. This fiscal year addressed a September Primary, a November General Election and a March, '07 election with a highly contested mayoral race and aldermanic race. The with a total of 10,619 registered voters for the City of Rutland, 5,124 turned out for this election to include an absentee voter participation of 1007. That being said, I would like to thank the Ward Clerks, Inspectors and ward workers in each ward for their hard work and dedication this last year. I would like thank the staff in the Clerk's office, Susan Clark, Deputy Clerk, Patricia Marceau, 1st Asst. Clerk and Sara Magro, Purchasing Agent, for their hard work and dedication to the City during this past year, not only for their attentiveness to their daily activities, but their additional time and efforts with the elections as well. Also, a special thanks to Meg Grace and Shirley Davidson for their time and assistance during our busy times.

We are continuing our progress in providing a more streamline method of title searching by scanning our current card index and matching the documents to the appropriate card so that a title search will eventually be able to be accomplished through our land indexing computer. As this is a labor intensive effort, we are looking at approximately another 10 to 14 months before this is available. Our office continues to provide the service being able to obtain hunting and fishing licenses and now can provide temporary motor vehicle registrations.

Please remember that the minutes to the Board of Aldermen's meetings, the Charter for the City of Rutland, ordinances, fees, business license information and other information may be located under the City Clerk's department at our web site at www.rutlandcity.com. Meeting times are now available on line as well at the web site under City Hall Events Calendar also under the City Clerk's department. Our office looks forward to serving the citizens of the City of Rutland in FY 2008.

Rodney D. Pulsifer, City Clerk

FY 2007 REVENUE GENERATED BY THE CITY CLERK'S OFFICE
TOTAL \$252,569.50

LAND RECORDS:

16,990 pages of land records were received, recorded. The cost of record land records is \$8.00 per page. This fee is set by state statute.

VAULT RESERARCH:

2850 people signed into the City Clerk's vault to research land records and vital records. The vault is open to the public from 9:00 a.m. until 4:45 p.m. Monday through Friday at a fee of \$2.00 per hour.

VITAL RECORDS:

Certified copies of Rutland City Vital Records are available at \$10.00 for each copy. The may be obtained by stopping into our office or by mail. If you stop in it only takes a few minutes to obtain a certified copy of a record.

TOTAL VITAL RECORDS REGISTERED FOR FY 2007

Births	513	Resident: 181	Non-Resident: 332
Deaths	529	Resident: 276	Non-Resident: 253
Marriages	135		
Civil Unions	6		

LICENSES:

Our office issued the following licenses to date for the current licensing year:

49	First Class Beverage Licenses
32	Second Class Beverage Licenses
45	Tobacco Licenses
1	Bowling Alley
12	Circus, Fair & Carnival Licenses
62	Coin Machine
14	Entertainment Club Permits
2	Farmers' Market
11	Hotel/Motel/Inn
18	Outside Consumption Permits
7	Peddler/Solicitor/Transient/Merchant
23	Pool Table
113	Restaurants and Victual Establishments
2	Theater

DOG LICENSES:

1067 dog licenses were issued to date. We begin issuing dog licenses the second week of January of each year. All dogs must be licensed at 6 months of age. The deadline for licensing dogs throughout Vermont is April 1st of each year. After April 1st dogs must still be licensed but there is a penalty fee in addition to the regular license fee.

Dog License Fees:

Spayed or neutered dogs licensed before April 1st:	\$12.00
Un-spayed or un-neutered dogs licensed before April 1st:	\$16.00
Spayed or neutered dogs licensed after April 1st:	\$20.00
Un-spayed or un-neutered dogs licensed after April 1st:	\$25.00

To license a dog in Vermont you must provide the clerk with an original Vermont rabies certificate and if the dog has been spayed or neutered we must also see the spaying or neutering certificate. Dogs cannot be licensed through the mail.

ELECTIONS:

Changing your voting address or registering to vote:

If you are registered to vote in Rutland City and have moved to a new address with the City you may change your voting address over the phone by calling our office at 773-1801. If you have moved to Rutland City from another town or State you can stop by our office up to 10 days before any election and register to vote. It only takes a few minutes.

MARCH 6, 2007 ANNUAL CITY ELECTIONS:

Eligible Voters:	10619
Ballots Cast	5124
Percentage of voter turnout	49.10%

THE FOLLOWING OFFICIALS WERE E:

Mayor (2 year term)	City Treasurer (2year term)
Christopher Louras	Wendy Wilton

Assessor (2 year term)	Aldermen (2 year term)
Barry Keefe	Paul Barbagallo
	Karen Bossi
	Thomas DePoy
	David Dress
	Madeline Sherman
	Joanne Slattery

School Commissioners: (3 year term)	School Commissioner (1 year term)
Christopher Book	Peter Forshay
Collin Fingon	Scott Dikeman
Cindy Kilic-Murray	

AT THE MARCH, 2007 ANNUAL ELECTION THE FOLLOWING ARTICLES AND TAX INCREASES OVER AND ABOVE THE CHARTER REQUIREMENT WERE APPROVED BY THE VOTERS:

The City of Rutland shall increase the disabled veteran's exemption as allowed by Vermont State Law to \$40,000 of the appraisal value.

The City shall re-fund outstanding indebtedness not to exceed six million dollars issued to effect emergency repairs to the Water Treatment Facility through the issuance and sale of Vermont Special Environmental Revolving Fund re-funding bonds or notes payable over a term of up to 30 years.

One to One Program, Retired Senior Volunteer Program,	
Southwestern Vermont Council on Aging and Inter-age	\$36,975
VT Adult Learning/Adult Basic Education	\$9,000
Boys and Girls Club of Rutland County	\$27,500

TOTAL \$312,006.00

Department of Public Works

Paul G. Clifford, Commissioner of Public Works

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal Year 2006-2007.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. This Department is responsible for the day to day maintenance and operation of city streets, sanitary sewer collection mains (including Alpine Pipeline), storm sewer system, water distribution mains, protection of the city watershed, the operation and maintenance of the Wastewater Treatment Plant and its associated pumping stations, the reservoir, water filtration and water storage facilities.

The Department also works closely with the City's Building and Zoning, Emergency Management, Attorneys, Police, Fire and Recreation Departments, as required in both emergency and routine situations. The Department also provides technical and logistical support to the Rutland Redevelopment Authority and the Downtown Partnership.

The Public Works Department responds to citizen concerns and complaints on a daily basis and emergencies on a 24-hour-on-call basis. Citizens are reminded to contact the Police Department if an emergency arises when the Department's office is closed.

I would like to thank and commend all the personnel in the Public Works Department for their dedication and professional manner, I would like to thank Mayor John Cassarino, the Board of Aldermen and other department heads for their cooperative and courteous attitude towards the Department.

The Department of Public Works will continue to serve the Citizens of the City of Rutland to the best of its ability.

On April 16, 2007 the citizens of the City and some surrounding areas experienced a rain and wind storm encountered by the City unlike any ever recorded here.

The amount of trees, debris and telephone poles laid down by the ferocious winds during a five hour period was devastating. Luckily, no lives were lost, but citizens and City utilities suffered great losses.

On the positive side, the "Nor-i-cane" as it will be remembered, brought the City together for a clean up effort that has never been witnessed in our history. Our thanks goes out once again to the employees of the Public Works, Fire, Police and Recreation Departments for their rapid response and professionalism. Also, many thanks to other organizations such as C.V.P.S.,

Velco, Comcast, Verizon, Trees, Inc., Vermont Emergency Management, Vaillancourt Tree Service, Casella Construction, The Red Cross, the Rutland City Rescue Mission, Police Cadets and all of the local media who were an excellent source of information for residents during the time without power and shelter. Citizens should take comfort in knowing that when an emergency happens, there are true professionals to help to do whatever it takes to restore our quality of life.

The cost submitted by the Department of Public Works to FEMA for storm clean up was \$270,185.58.

FISCAL 2007 - MAJOR PROJECTS COMPLETED

STREET DIVISION - Maintains streets and sidewalks for the City. This included snow and ice removable throughout the winter.

Paving: \$230,234

Streets completed: Clement Road, Brown Street, South Street, Granger Street and Grove Street

These streets were Bomagged. This is a process that the street is stripped to best reshape the road instead of putting a layer of pavement on existing pavement. Sewer and water lines are attended to at the time of this project. Grove Street was actually taken down 2 feet to totally rebuild the road due to its condition.

Evelyn Street and Center Street Lighting Grant

\$150,000 with a 50 - 50 match

Nine of the Single Globe Lights replaced the old street lights. The sidewalk and curb were replaced and new trees planted. The total project costs \$157,720. This has a part of an ongoing upgrade of lighting and sidewalk replacement throughout downtown with the assistance of grant funds.

Sidewalks:

Private Sidewalk Program - based on a 50/50 split of the city and property owner. The City receives requests and keeps a list based on first Commissioner of Public Works first serve.

Fiscal 2007	City Share:	\$12,432.50
	Property Owner Share:	\$4,069.50

Hot Mix Sidewalk Program - 100% City	\$30,032.
--------------------------------------	-----------

Winter Maintenance:

Salt: \$156,585.

This amount was lower than average of \$250,000 due to the mild winter.

FORESTRY DIVISION:

Street trees pruned to improve form structure, safety and aesthetics - 219.
 Water transmission main in Rutland Town cleared - fl mile.
 Timber sale (50 acre) marked and sold in Mendon, \$26,300 revenues.
 Watershed and boundary lines re-blazed and painted - 4.5 miles.
 Planted 46 trees, 24 of which originated from our Shade Tree Nursery.
 Responded to 4 storms, April 16, 2007 storm clean-up lasted into 2007 fiscal year.
 Assisted other Divisions with water leaks and snow removal.
 Participated in Vermont State Urban and Community Forestry Council.
 Maintained International Society of Arboriculture Arborist certification.

WASTEWATER TREATMENT PLANT - treats sewage and storm water.

*Completion of CSO Phase II Project - information provided by Lew Hotaling.

\$84,374 was billed for sludge disposal from private entities or towns.

WASTEWATER COLLECTION - maintains sewer and storm water lines.

28 new catch basins - 210 feet pipe
 15 new manholes - 115 feet pipe
 Main repairs - 668 feet pipe
 6 storm sewer repairs
 Flush and root cut sewers - 2,000 feet
 35 basin repairs - 75 feet pipe

WATER DISTRIBUTION - maintains water lines.

There were a significant number of water breaks in fiscal year 2007. There were 24 breaks that impacted our material and overtime for that fiscal year.

Major projects included replacing 400 feet of 1887 3" ductile for new 6" ductile. Nine new hydrants were installed. Water Distribution maintains water lines as needed. The division connected new services or repaired existing connections and billed \$14,832 to property owners for this service.

WATER TREATMENT DIVISION - treats water from the City reservoir to provide government regulated drinking water to its users.

855,667,000 gallons of water treated.

There was great effort on all to work with State officials, engineers and contractors to complete the replacement of the water treatment roof and filters. This was accomplished without disruption of service. We also worked with community members to establish plans if a boil water notice was to occur.

METER DIVISION - reads, records and maintains meters for water and sewer users.

The Division reads over 6,000 meters each quarter. The meters throughout the City have been upgraded with 362 installations this year. Since 2005, all upgrades include a radio unit that provides us with "drive-by" capabilities and will be a good investment for the City in reduction of force. The meter upgrade project has enabled the Division to down-size from 3 to 2 readers through technical advancements.

Department of Public Works

Overtime by Division - Fiscal Year 2006-2007

Recall Foreman - Supervision for 24 hour response:	\$ 38,802.00
Street Division:	\$ 73,231.00
Winter Maintenance:	\$114,997.00
Equipment Maintenance:	\$ 1,924.00
Water Distribution:	\$ 15,969.00
Water Treatment Plant:	\$ 22,238.00
Meter Division:	\$ 134.00
Wastewater Treatment Plant:	\$ 69,296.00
Wastewater Collection:	\$ 5,255.00
Catch Basins:	\$ 8,899.00

Department of Public Works Engineering Division

Alan J. Shelvey, P.E., L.S., City Engineer

Evan D. Pilachowski, Associate City Engineer

Peter T. Kelley, Engineering Technician

The Engineering Division provides engineering and technical services for each division of this Department and for all other Departments within City government. In addition to this routine work, several special projects were addressed in 2006-07.

The Division has been working with several entities, including the Rutland Natural Resources Conservation District, Vermont Agency of Natural Resources, The Upper Otter Creek Watershed Council and the Vermont Agency of Transportation (VTrans) in the control of stormwater runoff in order to improve water quality in the City's streams and brooks. In conjunction with a private developer, the first stormwater mitigation project has been completed to provide sediment offset credits within the Moon Brook Watershed. The Engineering Division continues to work to complete projects to restore a city owned pond and to reduce the sediment load into Moon Brook through the installation of a sedimentation structure. A storm sewer smoke testing project to identify illicit discharges of untreated wastewater to selected streams within the City has been completed successfully. These stormwater activities have been accomplished using a combination of State grants and private donations.

Our aging infrastructure continues to present challenges. An inspection by the State of Vermont of Ripley Bridge on November 18, 2006 showed that repairs conducted months earlier would not be sufficient to keep the bridge open past the spring of 2007. Furthermore, indeterminate, ongoing repairs would be necessary to keep the bridge open in the future. Such repairs are very costly and disruptive to the traveling public. It was determined that a much more cost effective alternative would be to install a temporary bridge inside the existing structure. This was accomplished through the determined efforts of Mayor Cassarino and the cooperation of Governor Douglas' administration. The State has informed the City that the new timeline for replacement of Dorr Bridge is 2011 at the earliest. Other small, city owned bridges continue to be inspected by the Engineering Division. Recommendations have been prepared to ensure the continued safety and long life of these vital pieces of infrastructure. Our water and sewer systems are still using miles of piping well over 100 years old. A comprehensive plan needs to be developed, implemented and properly funded for periodic replacement of this essential infrastructure.

With financial assistance from the State of Vermont, the Downtown lighting and sidewalk upgrade project continued, which resulted in significant aesthetic improvements to the north side of Evelyn Street and the north side of Center Street from Wales Street to Court Street.

Other City and regional projects for which the Engineering Division has provided assistance and support include: Routes 4 and 7 Upgrade, Water Treatment Plant Roof Replacement, Landfill Post Closure, upgrades to the River Street Pump Station part of the latest CSO project, and a drinking water quality analysis associated with disinfection by-products.

Rutland City Fire Department

Robert Schlachter Jr., Chief Engineer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

It is again my privilege to report on the status of your Rutland Fire Department during the period July 1, 2006-June 30, 2007.

Your Fire Department at Work

The fire department responded to a total of 2193 calls for service. They are classified as follows:

Structure Fires	112	Other Types of Fire . . .	42	Hazardous Materials . . .	103
Vehicle Fires	11	Rescue/EMS Assist . . .	81	Hazardous Condition . .	194
Brush/Grass	9	False Alarms	208	Service Request.	1,406
Rubbish/Dumpsters . .	17	Mutual Aid Given	10		

There were (50) second alarms transmitted for fires and other emergencies requiring an additional shift. Of the second alarm calls 33 were in Mendon where we provide contract fire/rescue services for the entire town. Contract properties in Rutland Town resulted in (6) second alarms. There were 6 second alarms in Rutland City. We provided mutual aid (5) times. Second alarms are typically called to provide city coverage while units are responding to contract or mutual aid calls and occasionally when on duty resources are committed in the city. There were (3) third alarms bringing back all full time personnel for major incidents in the city. There were (5) general alarms requiring all full time and part-time members in addition Mutual Aid was received. The General Alarms were at: 85 North Main Street, 43 Washington Street, 11 Seabury Street, 65 Cleveland Avenue, 52 Prospect Street.

The largest single event was the April 16, 2007 storm, the City of Rutland was extremely fortunate during this event that no one was seriously injured or killed. The department was very busy the day of the storm and for several days after answering hundreds of calls for service. We are happy to report there were no major fires. I would like to commend the members of the department for their outstanding work during this event as well as the other City Departments, the utility companies and the public. This was another example of the Rutland community working together to overcome the effects of a major natural disaster in our community.

There was one civilian fire related death in the city and four civilian fire related injuries. There were four firefighter injuries occurring during emergency operations.

PERSONNEL

As of June 30, 2007 the department had 28 full time personnel and 15 part time personnel. There were no major personnel changes during the reporting period.

EQUIPMENT

The department apparatus fleet consists of (4 engines) including one Quint (Ladder Equipped Engine and an Aerial Platform, two service utility vehicles, a fire alarm maintenance bucket truck, a Hazardous Materials/Decontamination Trailer and a Technical Rescue Trailer.

SERVICES PROVIDED

The department provides fire suppression, fire prevention/education, hazardous materials response at the operations level and decontamination. In addition we are trained and equipped to respond to technical rescue incidents involving extrication from vehicles and machinery, rescue from confined spaces, trench collapse and can perform rope rescue operations. The department provides contract fire protection to the Town of Mendon, several large businesses in Rutland Town and contract Crash/Fire/Rescue services to the Rutland Southern Vermont Regional Airport. In addition to emergency duties members maintain the municipal fire alarm system, maintain apparatus and equipment and the central fire station and grounds while on duty. The department also assists with community projects such as hanging banners downtown, and other community promotional efforts.

TRAINING & EDUCATION

In addition to responding to calls for service from the public, employees spend hundreds of hours training, presenting public education programs, and conducting pre-incident planning for emergency responses. During this period, members of the department attended regular training to maintain their skills and state certification. They also attended specialized training in Hazardous Materials, Aircraft Crash Fire and Rescue, Technical Rescue Operations, Safety and a variety of other specialties.

Ten members of the Rutland Fire Department completed Fire officer I & II training presented by the Vermont Fire Academy. This was an intensive three week program of daily classes, field trips and preparation of applied research projects. There was a final examination at the end of the program and all participants received National Certification as Fire Officer I & II. This training was paid for by a federal Fire Act Grant. This provides the Rutland Fire Department with a pool of qualified candidates for future officer positions within the department. The members receiving certification are: Larry Dell Veneri, Daniel Gedney, Art Howard, Rodney Kenyon Jr., Scott Mangan, Mark Meszaros, James Miles, Robert Miles Jr., Charles Regula, Robert Schlachter.

GRANTS

The department has applied for and received over \$600,000 in state and federal grants over the past few years. These grants have allowed us to upgrade our communications system, purchase protective equipment for our members, replace our outdated emergency generator, and develop the ability to respond to special hazard calls such as hazardous materials, and technical rescue. The department continues to aggressively apply for grant funds however due to

changes in priorities at the national level the pool of such funds is shrinking. We have two grant applications pending at the time this report was prepared, one 2007 Federal Fire Act Grant and one 2007 Fire Prevention Grant.

CHIEF ENGINEER & EMERGENCY MANAGEMENT DIRECTORS REPORT

As your Chief Engineer, I work to make sure the Rutland Fire Department is trained, and equipped to handle the emergency situations that may affect Rutland. I attend many meetings representing the City and the Fire Department in the City of Rutland, in surrounding towns, at the Vermont Fire Academy in Pittsford, and in Montpelier and Waterbury. These meetings are important as to make sure Rutland is represented at the local, regional and state level for planning and to help obtain grants. I have also attended meetings of Rutland United Neighborhoods and other community groups as requested. In addition to my duties as Chief Engineer, I serve as City Emergency Management Director and represent the Fire Service on the Governors Homeland Security Advisory Council and the Vermont Enhanced 911 Board.

EMERGENCY MANAGEMENT

Updated Rutland City Rapid Response Plan continued updating Rutland City Emergency Plan. Held post storm meeting(s) to determine what worked well and what needs improvement in our emergency plan. Attend monthly Local Emergency Planning Committee meetings LEPC # 2 covers all of Rutland County and assists with local, regional and state level planning for all hazard response. Monitor possible sources of grant funding for City emergency preparedness projects. We will now apply the lessons learned in the April 2007 storm as we continue to make sure Rutland is prepared for the next natural or man made emergency.

OPEN BURNING

We receive numerous complaints about people burning anything from brush to trash in the city. The following information is provided regarding open burning within the City of Rutland. Due to the fact that the City is so densely populated open burning is not permitted without a permit from the Chief Engineer. Such permits are only issued for the occasional bonfire at a school or college or for municipal emergency situations. Cooking fires are permitted but only clean untreated wood, charcoal or LP gas may be used for fuel. If an outside fire is creating a nuisance it may be extinguished.

FIRE PREVENTION

In closing as I write this report it appears that the cost of home heating fuels will be higher this winter. The Rutland Fire Department would like to offer some suggestions to the citizens of Rutland in an effort to prevent the loss of life and property due to fire.

- Install and maintain smoke alarms on every level of your home/apartment and in each sleeping room. Make sure they are working. If your smoke alarms are powered by a battery, change the battery every six months and test the smoke alarm regularly.

- Install and maintain Carbon Monoxide alarms in your home. Carbon monoxide is a deadly, colorless, odorless, gas that is produced by burning fuel. Carbon Monoxide alarms can alert you to the presence of this gas before it becomes a problem.
- Have your heating system inspected and serviced by a qualified technician before winter weather hits.
- If you burn wood or coal have your chimney cleaned and inspected prior to the heating season and inspect and clean it regularly during the heating season.
- If you have gas fireplaces or heater(s) have them inspected and serviced by qualified gas technicians and make sure the venting system is in good condition and supply air intakes are clear of obstruction to reduce the possibility of Carbon Monoxide poisoning.
- Have an emergency escape plan make sure everyone in your home knows the plan and practices it. Have a designated meeting place away from the building.
- If you have any type of fire no matter how small call the fire department. Many structure fires start as chimney fires. If your smoke alarm or Carbon Monoxide alarm sounds call the fire department. Use a fire extinguisher only if you can do so safely and have an exit at your back and have someone call the fire department.
- Keep fuels such as LP Gas, Kerosene and Gasoline outside your home. Do not store them in the basement or in the house.
- If you use space heaters make sure they are in good condition and keep them away from things that may burn such as paper, plastic, clothing, furniture, and bedding.
- Keep your exits clear of ice and snow and do not obstruct exits with furniture, storage items or appliances.

For more information about fire safety contact the Rutland Fire Department at 773-1812.

Members of the public are encouraged to visit the department during normal business hours. Tours can be arranged for school and community groups.

On behalf of the Fire Department, I would like to thank the Mayor, Board of Aldermen, City Hall personnel, the School Department, DPW, Recreation Department and all city officials and employees who assisted the Fire Department in any way during the past year. We again offer our thanks to the citizens of our city for their continued support of their Fire Department. Also a very special thank you to our Mutual Aid partners for their assistance, many times this past year with emergencies and special projects.

If you have any questions about fire safety, emergency preparedness, or the Rutland Fire Department please call us at (802) 773-1812.

Thank you, again to the citizens of Rutland for your support of the Rutland Fire Department.

Respectfully Submitted,
Robert Schlachter

RUTLAND FIRE DEPARTMENT OPEN BURNING INFORMATION

OPEN BURNING

Open burning other than small cooking fires is not permitted within the City of Rutland unless a permit is issued by the Chief Engineer. It is always a good idea to check with the department if you have a question.

The reason for this policy is that Rutland is a densely populated community with buildings close together. In addition to the possibility of a fire spreading to a structure there are concerns about air quality and the nuisance smoke can create for people with respiratory problems.

The policy on issuing burning permits is as follows:

The only permitted open burning in the city will be:

- Small fires for cooking, including clean untreated wood, LP gas or Charcoal are allowed without a permit.
- Fires for educational institutions or community events such as bonfires for sporting events. In the case of a bonfire the fire department stands by while the fire is in progress these fires are typically in more remote areas of the City.
- Emergency situations as directed by health officials or the Mayor.

The burning of trash, painted/treated wood, shingles, tires and similar materials is prohibited by state law. Only clean, untreated wood can be burned at a permitted fire. Persons who have un-permitted fires or are burning illegal materials are subject to being issued a ticket for violation of the open burning ordinance and may be subject to additional state enforcement actions.

Front Row Left to Right: James Miles, Robert Myles, John DiPalma, Aron Adamsen, William Lovett, Earnest Cioffi, Michael Walsh, Robert Schlachter, Francis Cioffi, Gary Lambert, Michael Barrett, Michael Delehanty, Victor Miglorie, Brad Lafaso, Daniel Gedney.
Back Row Left to Right: Arthur Howard, William Canfield, Nicole Chapleau, Larry DellVeneri, Michael Robillard, Rodney Kenyon, Charles Regula, Dave Werbinski, Scott Mangan, Colin Fitzsimmons, Michael Roy, Michael Carlson, Thomas DiPalma, Christopher Johnson, Donald Adams, Brent Adams, Micah Haven, Mark Meszaros.

Legal Department

Andrew G. Costello, City Attorney and Grand Juror

To the Aldermen and Citizens of the City of Rutland:

The past year has been a busy one for the City Attorney's Office. The Office has worked on a variety of matters, including contract negotiations with the Union representing Department of Public Works employees, litigation surrounding the collapse of the water filtration plant roof and the re-certification of the City's I.R.S. 457 Plan.

Contract negotiations with the D.P.W. Union took place over a period of months. The City was represented in the negotiations by this office, Mayor Louras and Commissioner Clifford. The Union negotiating team consisted of an attorney from the AFL-CIO and representatives from various D.P.W. divisions. The City's focus was on lowering the impact of health care and salary costs while assuring that the Department is still able to perform needed upkeep and maintenance of the City's infrastructure while responding to various emergencies that may arise.

The City continues to be involved in litigation involving the collapse of the roof at the water filtration plant. Shortly after problems were discovered with the roof in 2004 the City retained a law firm that specializes in construction litigation. This office has worked closely with that firm, Seyfarth Shaw, LLP of Boston, to represent the City in its lawsuit against various parties.

Our office has also worked on the re-authorization of the City's "457 Plan". A 457 Plan is offered by municipalities to their employees and is similar to a 401(k). The City had received notice from the I.R.S. that its plan would be decertified in January of 2009 unless numerous changes were made to the plan document and to the way in which employee contributions were calculated. With help of Treasurer Wendy Wilton the City redrafted its plan, implemented increased internal controls of employee contributions and was informed by the I.R.S. that its plan is now in full compliance with all applicable statutes.

In addition to the above, the City Attorney's Office deals with all other legal issues that involve the City, including personnel matters, union grievances, charter amendments and ordinance revisions. The Office also gives legal counsel to the Board of Aldermen and all other City committees, including the Development Review Board and the Pension Board.

Since taking office as City Attorney in April I have been extremely fortunate to have relied on the help of administrative assistant Lisa Pearson, who has guided me around many pitfalls. I would like to extend my thanks to her and to all department heads, city employees and elected officials who have made my first months with the City so enjoyable.

Andrew Costello, Lisa Pearson

Rutland City Police Department

Anthony L. Bossi, Chief of Police

To the Citizens of the City of Rutland, Police Commission, Board of Aldermen and Mayor John P. Cassarino:

I am pleased to submit to you this annual report of the activities of the Rutland City Police Department for Fiscal Year 2007.

The Police Department has an authorized strength of 41 sworn full time officers and 11 full time civilian positions. Robert Geryk and Lauren Earle retired this year from the Police Department after many years of dedicated service to the citizens of the City of Rutland. We wish them well in their retirement. The department continues to promote training for our officers. Department personnel have attended over 4,400 hours of training this year.

During this year the department opened up 94 drug cases and made 71 arrests on drug cases. The department conducted 18 consent searches and 26 search warrants on these drug cases. Approximately 80% of crime in Rutland is still alcohol and drug related.

Total Part I and Part II crimes were down 4.9% from last year, down 4.4% from 5 years ago, down 5.7 % from 15 years ago and down 18.2% from 20 years ago, and arrests were up 8% from last year. The department issued 56.9% more motor vehicle citations this year compared to 5 years ago, and investigated 6.7% less motor vehicle accidents this year compared to last year.

Rutland United Neighborhoods (RUN), the Rutland Recreation Department and the Rutland Police Department co-sponsored Rutland's 5th Annual National Night Out. We would like to thank the community volunteers, agencies and businesses for their generosity. Special thanks to the NNO Planning Committee for making the event such a huge success.

The Rutland City Police Department continues to benefit from the assistance of the Rutland City Police Commission. The members of the Police Commission volunteer their time and expertise to the department, and their dedication is deeply appreciated. I would also like to express my appreciation for the support that the Police Department has received from Mayor Christopher Louras, members of the Board of Alderman and other City Departments. Additionally I would like to thank the supervisors of the Rutland City Police Department, Captain Tucker, Lieutenant Geno, Sgt. Tarbell Day Shift 1, Sgt. Sly Day Shift 2, Sgt. Elrick Night Shift 1, Sgt. Schauwecker Night Shift 2, Sgt. Stevens BCI, and most importantly I would like to personally thank all members of my department for their dedicated service and firm commitment to providing the best possible police service.

DAY SHIFT ONE

The members of Day Shift One would like to take this opportunity to thank the citizens of Rutland VT for their support during the Nor'icane in April. Day Shift One was the on duty

L to R: Captain Scott Tucker, Administrative Assistant Carolyn Barter, Chief Anthony Bossi, Lieutenant Kevin Geno

shift on that fateful day and the courage, determination and understanding demonstrated by the citizens was outstanding. The dedication shown by all the public services is something we should all feel proud of.

The Uniform Patrol Division men and women of Day Shift One have had a very interesting and diverse year. In the absence of Sergeant Mulcahey, Sergeant Tarbell was re-assigned as the Shift Supervisor in July of 2006 and has continued in this role during this reporting period. Currently assigned to Day Shift One are Corporal Larson, Officer Tuepker, Officer Nesshoever, Officer Sheldon, Officer Schutt and Communications Operator Walters.

The Officers assigned responded to a total of 3110 calls for service, made 313 arrests and issued 644 Vermont Traffic Complaints from July 1, 2006 through June 30, 2007. These statistics show only a part of the activities the members of this shift contribute to the Rutland City Police Department and the City of Rutland.

Corporal Larson is very active in his role as a Hazardous Material instructor and has been very creative in his approach to educating both Police Officers and civilians in the safe identification and reporting of hazardous material incidents. Corporal Larson has also been instrumental in the day to day operation of the shift and performs duties as a street level supervisor and as the second assigned officer. Corporal Larson made a great effort to pursue individuals who had warrants for their arrest and during this reporting period he apprehended 40 individuals on out standing warrants.

Officer Tuepker is a veteran officer with over 30 years of service to the City of Rutland. Officer Tuepker continues to be very active in motor vehicle enforcement. Officer Tuepker issued 200 Vermont Civil Violation Complaints, 32 of which were for individuals driving while under suspension civilly and he made 7 arrests for individual driving while under suspension for criminal violations. Officer Tuepker has a special interest in the Down Town area of Rutland and is very visible patrolling this area.

Communications Operator Walters joined the shift in January of 2007 and has been a great asset to both the shift and the Police Department as a whole. Walters ability to multi task and to prioritize calls was never more apparent then on April 16, 2007 when we all experienced the longest day of our lives. Walters was able to calm individuals fears, provided timely information, dispatch officers to emergency calls, co-ordinate multi agencies responses and a host of other activities which seemed to never end.

Officer Sheldon continues to lead the Police Explorer Post which is a very positive role modeling program for youths who are interested in Law Enforcement. The cadets under his guidance perform duties in conjunction with activities dealing with community policing and education. Officer Sheldon is a proactive police officer who participates in every early detection and education program such as START, Click it or Ticket, Speed and Occupant Protection. Officer Sheldon is also active in the Police Benevolent Association.

Officer Nesshoever has been taking an active interest in the training of new police officers at the Vermont Police Academy. Officer Nesshoever is an instructor in patrol procedures and assists the Police Academy staff in situational role playing during training. Officer Nesshoever is currently certified as a Bicycle Officer and a Motorcycle operator. These two additional patrol vehicles help this department in specialized patrol and community relations projects.

Officer Schutt is the newest member of the team and brings with him a wealth of knowledge in many of the technical aspects of this career. Officer Schutt took it upon himself to initially set up the hardware for the recently purchased ICOP Digital Recording system. Officer Schutt is also a Non Lethal Use of Force instructor.

DAY SHIFT II

Day Shift II is one of two day shifts at the Rutland City Police Department and is comprised of six sworn law enforcement officers and one civilian communications operator. Three of the sworn police officers assigned to Day Shift II have served in their respective branch of the United States Military with all three Officers achieving a Non-Commissioned Officer rank prior to their completion of service and Honorable Discharge from active duty. Three of the sworn police officers assigned have completed post secondary education and hold a college degree in their respective field of study as well. One of the sworn police officers assigned has attended the Federal Bureau of Investigation National Academy at the FBI Academy in Quantico, Virginia where his studies concentrated on Interview / Interrogation strategies and Interpersonal Violence. In total, the sworn and civilian personnel assigned to Day Shift II represent 131 years of dedicated service to the Rutland Community.

In addition to the standard compliment of law enforcement training received during the course of their respective careers, Day Shift II personnel have additional specialized area(s) of law enforcement training and expertise. These specialized area(s) are, but not limited to; Police Motor Cycle Operation, Traffic Crash Reconstruction, State certification to instruct traffic crash investigation, state certification to instruct Police Traffic Radar and Lidar systems, DataMaster Supervisor/Technician (infrared breath alcohol testing unit), Portable Breath Testing repair technician (field breath alcohol testing unit) and mobile video unit repair technician just to name a few.

Besides their assigned duties and required responsibilities, several members of Day Shift II have volunteered to serve on the Rutland Police Benevolent Association Executive Board as both a Board Member and President in past years. One member has also served as an Executive Board member and President of the Vermont Police Association and continues to serve on the VPA's Board of Trustees. Two members of Day Shift II are part of the original Rutland City Police Honor Guard unit and continue to serve in that voluntary capacity today.

During the fiscal year ending June 30th, 2007, Day Shift II personnel were involved in the following events and duty assignments:

1. Assigned to over 3,216 criminal complaints and requests for service.
2. Assigned as assisting officer in over 1,253 criminal complaints and requests for service.
3. Took 162 person(s) into custody for alleged criminal conduct (misdemeanor and felony crimes)
4. Initiated 874 traffic stops for deviant operation and violation of Vermont's motor vehicle laws and Rutland City traffic ordinances.
5. Issued 595 Civil Traffic Violation Notices to motor vehicle operators violating various requirements of Vermont's motor vehicle laws and Rutland City traffic ordinances.
6. Issued 717 verbal warnings to motor vehicle operators violating various requirements of Vermont's motor vehicle laws and Rutland City traffic ordinances.

Day Shift II personnel are also pro-active in their participation in the Rutland United Neighborhood Project and fully support the concept and practical application of Community Based Policing / Problem Solving. Day Watch II personnel also actively participate in, but not limited to, all Highway Safety campaigns (such as Click It or Ticket), Project S.T.A.R.T. (which addresses teenage drinking), National Night Out (which is designed to promote stronger interaction between the Community and their Police Department) and more.

NIGHT SHIFT 1

For the period July 1, 2006, through June 30, 2007, officers on Night Shift 1 responded to 2,767 calls for service, made 425 arrests, stopped 1,324 vehicles, and wrote 903 tickets. Last year for the same period, officers responded to 3,122 calls for service, made 403 arrests, stopped 1,495 vehicles, and wrote 1,388 tickets.

Officers continued to participate in a variety of community and police related programs including the meetings held by Rutland United Neighborhood (RUN), National Night Out, and the Click It or Ticket Highway Safety Enforcement Program. Sergeant Elrick continues to serve on the Department Honor Guard. Communications Operator Lyn Gallipo continues to be certified as a child safety seat inspector and completed 56 inspections. Her efforts contributed to a first place award in the State by the Rutland Ambulance Service Child Safety Seat Station being the most productive fitting station in Vermont. Officer Frank Post continues to be certified in Commercial Vehicle Inspections, and he performed 68 inspections on commercial vehicles as compared to 57 inspections during the previous period. Corporal Hall and Officer Richardson are motorcycle officers, and you will see them patrolling on the Department motorcycle.

Ms. Gallipo created and coordinated the Department's annual Pedometer Challenge. This year we faced the Alaskan Iditarod Challenge. The actual Iditarod Race is a sled dog event which covers 1,150 miles of the most extreme and beautiful terrain between Anchorage in southeastern Alaska and Nome up on the Bering Sea. In 1925, Nome was stricken by a diphtheria epidemic and the life-saving serum was brought to Nome by dog sled. Nowadays, the Iditarod is a commemoration of that 1925 life-saving effort and is known as The Last Great Race on Earth. Lyn challenged us to walk 2,200,000 steps this year. In 9 weeks, with Lyn's encouragement, a group of 24 employees completed the Iditarod a total of 6.3 times, walking a total of 13,903,166 steps or 6,951 miles and averaging 290 miles per person.

Between 1 July and 31 December 2006, officers assigned to Night Shift 1 were Sergeant Linda Elrick, Corporal Robert Gorruso, Officer Matthew Prouty and K9 King Riley, Officer Frank Post, Officer Jason Johnson, and Officer Andrew Todd. Starting 1 January 2007, officers assigned to Night Shift 1 were Sergeant Linda Elrick, Corporal Charles Hall, Officer Frank Post, Officer Seth Richardson, and Officer Jason Johnson. These dedicated officers bring 88 years of police knowledge and service to the City of Rutland. Communications Operator Lynette Gallipo brings 10 years of dispatching experience to the shift and our community.

I would like to thank the members of Night Shift 1 for their unwavering dedication and professionalism which results in excellent police service to the citizens of the City of Rutland.

NIGHT SHIFT 2

Night Shift 2 is one of the two shifts that work 1800-0600 hours, rotating over a two week period for the Rutland Police Department.

For the fiscal year ending June 30, 2007 this shift was comprised of six (6) sworn officers, and one (1) communications operator.

Allow me to introduce to you the staff of Night Shift 2, and their years of service to the Citizens of Rutland and the Rutland Police Department.

Sergeant David Schauwecker, 20 years, Corporal Robert Gorruso 21 years, Officer Joseph Bartlett 7 years, Officer Sam Delpha 9 years, Officer Craig Hunt 7 years, Officer Matt Prouty 8 years and his K-9 partner King Riley 6 years, Communications Operator Patricia Dunchus 20 years.

Sgt. Schauwecker just returned from attending the 10 week, FBI National Academy in

Quantico, Va. He was one of 300 students from around the world, present while attending Management and Supervisory training in topics of Applied Behavior Science, Forensic Science, Ethics in Leadership, Interpersonal Communications for Supervisors, Application of Chemical Agents, and Physical Fitness training. The Academy is affiliated with the University of Virginia and upon completion of the course of instruction, he has earned 17 college credits.

Night Shift 2 had a very busy year. The most significant case was the apprehension of the serial arsonist, who was responsible for the many fires in the City over the past year.

In addition, below is a portion of what this shifts personnel accomplished in the past 12 months.

1. We responded to 2429 calls for service.
2. We arrested a total of 309 subjects for criminal behavior for both Felony and Misdemeanor offenses.
3. The shift was very bust with traffic enforcement and issued a total of 907 tickets.

The members of Night Shift 2 continue to provide their support for the city of Rutland though out the year by assisting in many community activities. The shift takes a zero tolerance stand to underage drinking and has issued many Court Diversion and civil tickets for these offenses. Several adult's who enabled these minors to consume, were arrested for that offense.

The officers were also involved in many events to include but not limited to Click it or Ticket, DUI and Safety check points, Highway Safety enforcement, S.T.A.R.T. and assisted in many Search Warrants for Narcotics.

It has been our pleasure to serve the Citizens of Rutland and look forward to the next year.

BUREAU OF CRIMINAL INVESTIGATIONS

The Bureau of Criminal Investigations is primarily responsible for the investigation of all major crimes, as well as a support service to the uniformed officers. We further assist the administrative support services unit of the department when needed. The investigation unit consists of detectives who have received specialized training in all areas of law enforcement. In addition, the crime lab offers another level of support services.

In the past 12 months, 324 new investigations were opened on a wide range of offenses, resulting in 100 arrests being made, with some cases remaining active at this time and possibly pending further arrest. Some investigations literally go on for months depending on a number of different factors.

Detectives involved in the investigation of narcotics continue to be very busy, and have had another successful year in their efforts to identify and apprehend persons distributing illegal drugs in our community. This year exceeded more than \$ 130,000.00 in street value of drugs confiscated. The detectives arrested 71 individuals as a result of their investigations. The drugs, Heroin, powdered Cocaine and Crack were the majority of drugs in the past 12 months.

The crime lab is another busy area for the investigations unit. Many pieces of evidence are collected over the course of a year from various crime scenes. From there, the evidence gets evaluated, processed and packaged for delivery to the state lab.

The detectives unit further attended 312 hours of training in various fields of investigations throughout the year. It is extremely important to maintain a high level of proficiency.

As part of the investigations unit, members continue to be proactive in the community and support many other agencies in their efforts.

The definitions for Part I and Part II crimes used in the Vermont Crime Report are specified by the Federal Bureau of Investigation as part of their National Uniform Crime Reporting program. The standard definitions are used by all law enforcement agencies across the nation to ensure uniformity and comparability of crime data

PART I CRIMES

Criminal homicide -

- a. Murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded. Justifiable homicides are limited to:
 1. the killing of a felon by a law enforcement officer in the line of duty; and
 2. the killing of a felon by a private citizen.
- b. Manslaughter by negligence: the killing of another person through gross negligence. Traffic fatalities are excluded. While manslaughter by negligence is a Part I crime, it is not included in the Crime Index.

Forcible rape - The carnal knowledge of a female forcibly and against her will. Included are rapes by force and attempts or assaults to rape. Statutory offenses (no force used - victim under age of consent) are excluded.

Robbery - The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault - An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

Burglary-breaking or entering - The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Larceny-theft (except motor vehicle theft) - The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are theft of bicycles or automobile accessories, shoplifting, pocket-picking, or the stealing of any property or article which is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, "con" games, forgery, worthless checks, etc., are excluded.

Motor vehicle theft - The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Specifically excluded from this category are motorboats, construction equipment, airplanes, and farming equipment.

Arson - Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

PART II CRIMES

Forgery and counterfeiting - Making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true. Attempts are included.

Fraud - Fraudulent conversion and obtaining money or property by false pretenses. Included are confidence games and bad checks, except forgeries and counterfeiting.

Embezzlement - Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

Stolen property; buying, receiving, possessing - Buying, receiving, and possessing stolen property, including attempts.

Vandalism - Willful or malicious destruction, injury, disfigurement, or defacement of any public or private property, real or personal, without consent of the owner or persons having custody or control.

Sex offenses (except forcible rape, prostitution, and commercialized vice) - Statutory rape and offenses against chastity, common decency, morals, and the like. Attempts are included.

Drug offenses - State and local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs.

Family/children (Offenses against) - Non-support, neglect, desertion, or abuse of family and children.

Liquor violations - State or local liquor law violations, except "drunkenness" and "driving under the influence." Federal violations are excluded.

Disorderly conduct - Breach of the peace.

Simple assaults - Assaults and attempted assaults where no weapon is used and which do not result in serious or aggravated injury to the victim.

Weapons; carrying, possessing, etc. - All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Included are attempts.

Prostitution and commercialized vice - Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring, or transporting women for immoral purposes. Attempts are included.

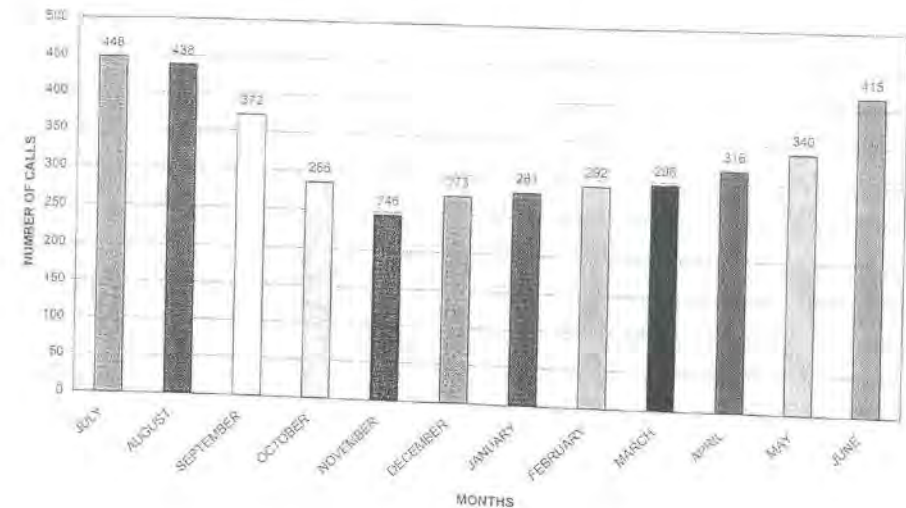

Gambling - Promoting, permitting, or engaging in illegal gambling.

Vagrancy - Vagabondage, begging, loitering, etc.

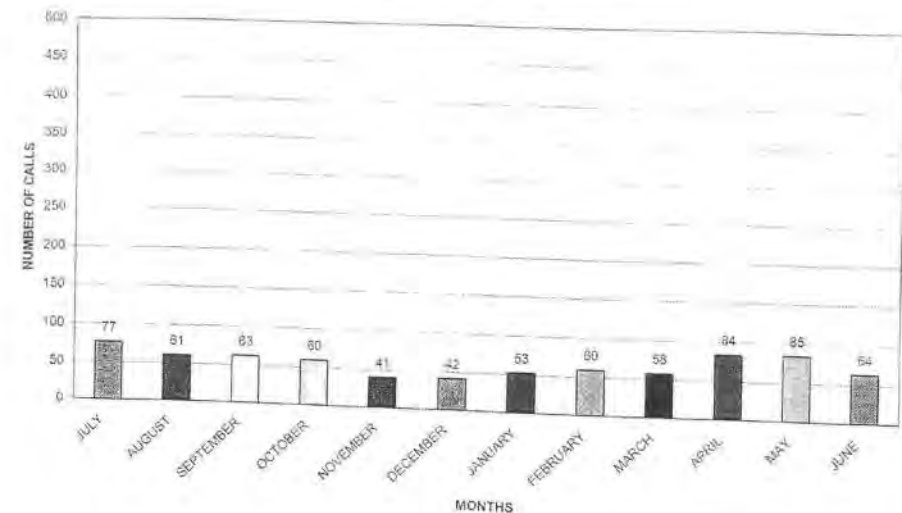

Driving under the influence - Driving or operating any vehicle or common carrier while drunk or under the influence of liquor or narcotics.

All other offenses - All violations of state or local laws, except those listed above and traffic offenses.

Recreation and Parks Department

EJay Bishop, Superintendent

To the Mayor, Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit the annual report of the activities and accomplishments of the Recreation and Parks Department for the fiscal year of 2006-2007. This fiscal year was filled with many positive advances for the recreation and parks department. We continue to systematically improve the foundation of our infrastructure with well-planned renovations and enhancements.

I would like to take this opportunity to thank two people who over the years have dedicated themselves to serving you. David Byrne has left us after six plus years and Lou Illinski has retired after thirteen years of service. This year also welcomes two new members of our staff, April Cioffi our program coordinator and Jay Thomas the program director. We are fortunate to have April and Jay both serving this community and we are looking forward to a tremendous future with them.

The Regional Recreation Community Center project continued to move forward towards the goal of a new facility. The District began to reevaluate the entire project after the Towns of Rutland and West Rutland voted to opt out of the District. However, the project is still alive and the District has a timeline of presenting a refined project to the public by the end of 2007.

The most exciting news for this fiscal year is the approval from the Board of Alderman with the endorsement of Mayor Louras to move forward with renovations to Giorgetti Rink to refrigerate and enclose the facility. This project will move forward starting late June of 2007 to be open for skating as early as November of 2007. The goal of the project is to better utilize an existing facility to serve the citizens of Rutland City. The approximately \$250,000 project will be funded with non taxpayer resources and all the borrowed funds are scheduled to be paid back to the various accounts within seven years with interest.

The 47th annual Halloween Parade drew an estimated 15,000 people to the downtown parade. We estimate that Pine Hill Park averages over 20,000 visits per year. We host a youth soccer tournament/jamboree that has over 40 teams with approximately 500 children participating and we organize a youth basketball tournament with 36 teams and a total of approximately 360 players.

The following is a categorized list of other programs offered through this department with approximate numbers of participants for each category. I've also included the approximate number of visits to some of our other major facilities.

Youth Sports - 3272 participants
Adult Sports - 1655 participants
Youth Classes - 951 participants

Adult Classes - 795 participants
Youth Sport Camps - 571 participants
Youth Day Camps - 854 participants
Preschool Programs - 190 participants
Flip Side Skate Park - 2913 visits
Giorgetti Ice Rink - 827 visits
White Pool - 8500 visits
Great Escape Tickets - 1100 sold

This department and its entire staff manage to provide a wealth of services far beyond the normal expectations of a City this size and the level of resources available. However, we still rely on you to help us provide quality program opportunities by volunteering your time especially for the children of Rutland. It is the combination of volunteers, local organizations, businesses, part-time staff and our full-time staff that provide the framework that allows this department to flourish. Thank you all for being a positive influence in our community.

Sincerely,

EJay Bishop
Superintendent

FACILITIES

Alexander Keefe Memorial Park

Located on Water Street
Playground equipment

Center Street Alley Park

Located inside the downtown block formed by Wales, Center, Merchants Row and Washington Streets.
Benches & picnic area.

Cioffredi Complex

Located off Temple Street
2 Softball Fields and open space.

Community Garden

Located off Woodstock Avenue behind McDonalds
Garden plots available for public use

Dana Recreation Center

39 East Center Street
Telephone # 773-1822; Fax # 775-2030
Recreation Department offices, program/meeting rooms, and gymnasium.

Additional offices for:

Crossroads Art Council
Killington Music Festival
First Night Rutland
RSVP
Head Start Classroom
Association with: Drum Journey's of Earth

Depot Park

Located on the corner off Merchants Row and Evelyn Street
Benches and gardens, home of the Farmer's market from spring thru fall. In conjunction with Rutland Partnership, Thursday evening concerts and movies were held in the park several nights throughout the summer.

Giorgetti Athletic Complex

Located off Oak Street Extension
Telephone # 775-7976
1 Baseball Field, 1 Softball Field, Flip Side Skate Park, ice-skating rink, playground equipment, pedestrian trails and open space.

Godnick Adult Center

1 Deer Street
Telephone # 773-1853
Recreation Department offices, program/meeting rooms, exercise room, meal site, gazebo, shuffleboard courts, & open space.

Justin Thomas Memorial Park

Located on the corner of Madison and Prospect Streets
Gazebo, playground equipment and picnic tables.

Main Street Park

Located on Main Street between West and Madison Streets
Arboretum, bandstand and benches.

Monsignor Thomas Connor Memorial Park

Located off Meadow Street
2 Basketball Courts, 3 Tennis courts, 2 Softball Fields (one with lights), open fields, and playground equipment.

Pine Hill Park

Located next to the Giorgetti Athletic Complex
275 acres of hiking and mountain biking trails.

River Street Park

Located on the corner of River and Meadow Streets
Playground equipment and picnic tables

Rotary Park

Located off North Street
Field House, playground equipment, 1 basketball court, 1 youth baseball field & two handball courts.

White Memorial Park

Located at the end of Avenue B
Swimming & wading pools, pool house, playground equipment, 1 youth baseball field, 5 tennis courts and 2 basketball courts.

CAPITAL NEEDS

- Incorporate a citywide initiative to establish a capital replacement fund, which will allow for enhancements and renovations to all City parks and facilities. Most of the existing parks and recreation infrastructure is in great need of repair, replacement or major renovation.
- New Community Recreation Center

DANA RECREATION CENTER

The Dana Recreation Center is the main office for the Rutland Recreation and Parks Department. Located at 39 East Center Street, the Dana Center offers a wide selection of programs, services and activities for the all citizens of the community.

Rutland Free Library Association, Inc.

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens of the City of Rutland:

At the conclusion of the library's 120th anniversary community party over 100 adults, teens and children sang happy birthday in celebration of the institution's august age and remarkable history of service. This party and an earlier event, Tables of Content, where 14 distinguished authors joined community members for dinner in the Fox Room, served as bookends to a year that in many ways mirrored the last 120, each similar in the focus on community needs.

Through two world wars, assorted military engagements, a depression, a flood, and economic boons and setbacks, the library day by day has loaned millions of (at first) books and (later magazines, movies, recorded books and music, maps, pamphlets, catalogs and (now) free 24/7 digital access. During these same years the Rutland Free Library led the way for libraries around the state with several new initiatives which included the first book wagon, a reading-discussion series which became a national model, the successful cooperative style of a multi-town tax revenue stream and the first public library to use computers for circulation and public catalog records.

Poised at the beginning of the next 120 years, the library board and staff are now working with the current five year plan which is focused upon changing needs. While the library opened its doors to 2,653 visitors each week, circulated 15,850+ items every month and hosted 289 programs or meetings with 7,559 people attending this past year it was also apparent that these heavy use patterns have evolved. The reference questions are more demanding, since most people have already check Internet sources or specialized databases through the library's website (www.rutlandfree.org) and then turn to a trusted resource, librarians. Computers have not rendered the library less necessary but more so. More school assignments have multimedia format requirements, more people are seeking both information and entertainment from non-print resources, more people are using the library as a community living room, more jobs are requiring online applications and more people are seeking jobs.

However, technology infrastructure, fuel and health insurance costs are threatening library stability, with reduced staff and hours the net result over the past several years. This year Rutland City, Rutland Town, Mendon, Ira and Tinmouth provided 70% of the library income, with the remainder coming through endowments, fines, fees, support from the Friends of the Library and a good deal of trustee fundraising. The Board of Trustees has endorsed the concept of direct state aid, which was introduced into the legislature last year and the Friends have approved an expenditure to be contributed to the Vermont Library Association in order to hire a lobbyist.

In the meantime, we hired a new assistant director, joined forces with the Arts Alliance to create Arts Alive!, participated in Friday night art hops, served as a gallery for two special book arts exhibits, sponsored a foreign film series, introduced an ongoing Babies & Toddlers Rock series, provided story hours and programs on global warming, and health care Internet resources to highlight just a few.

The library was also adopted by an Eagle Scout candidate, whose project included new landscaping and four lovely Adirondack chairs which are in constant use. Rutland City Rotary provided a generous gift that allowed us to update nine aged public access computers. Volunteers contributed nearly 2,000 hours, making it possible to deliver books to the homebound through the Jean Huebner Memorial Homebound Service as well as inventory work, shelving, database work, cataloging, processing new books, and assistance with children's programs. It has indeed been a year of both celebration and evaluation.

Paula Baker, Director

Rutland City Board of School Commissioners

Peter H. Forshay, President, Board of School Commissioners

Mary E. Moran, Superintendent of Education

To the Citizens of Rutland City:

Rutland City Public Schools is a learning organization that provides an outstanding educational opportunity to 2800 students at seven schools, two alternative sites, and the Stafford Technical Center. Our superior faculty and staff members focus on the needs of each and every child on a daily basis. What follows is a basic and brief report on the status of the system.

Northeast and Northwest Primary Schools each serve approximately 275 students in the Early Essential Education Program (EEE) through Second Grade. The Pierpoint Primary Learning Center, located at the former regional library, houses students in grades K-2 in a multi-age program and is part of the Northwest/Pierpoint Primary School community.

The Rutland Intermediate School, located on Library Avenue, serves approximately 650 students in Grades 3-6. The Rutland Middle School, also located on Library Avenue, serves 380 students in Grades 7 and 8. Rutland High School, on Stratton Road, serves 1070 students. Approximately 260 students attend the full time program at the Stafford Technical Center, and over 800 adults take part in our Adult Education Program. Stafford programs continue to support educational and training opportunities for both the youth and adult populations of Rutland County.

The number of tuition students attending Rutland High School from Rutland Town, Mendon, Chittenden, Danby, Hubbardton, Ira, Middletown Springs, Mt. Tabor, Pittsfield, Plymouth and Stockbridge remains strong. Continued progressive programming, including a large the number of Advanced Placement and honors courses, an infusion of modern technology, the YES Plan and many additional offerings in the Fine Arts, have contributed to the consistent attractiveness of Rutland High School as the most popular school of choice for parents and students in the tuition-paying towns.

The Rutland High School Howe Center Campus serves 45 high school students in an off-campus alternative education and service-learning program designed to prevent students from dropping out of school. The SUCCESS School, located on Allen Street, serves approximately 50 students in grades K-12 who have had difficulties in adapting to a traditional classroom and school environment. This is a model program, which is conducted jointly by the Rutland City Schools and Rutland Mental Health Services. SUCCESS combines academics, adventure-based learning, work and community service, and therapeutic services for students and their families in a way that better meets their needs, both in school and in the community.

We also offer an extensive co-curricular program for students from grade 3 through grade 12. In addition to a comprehensive athletics program, there is a wide range of clubs and activities that support student learning and development and keep our children active and safe in the after school hours of each day. The RCPS Fine Arts program is one of the finest in the nation, and has been recognized as such on two recent occasions. We invite citizens to attend the many music and theatrical performances of our students both in the schools and at the

Paramount Theater, and to attend the various visual art displays around the community and at the Chaffee Art Gallery. In addition, the nationally recognized Tapestry Program serves over 600 children in after-school and summer programming offering extensive enrichment, tutorial, counseling, cultural and recreational opportunities.

Each school in Vermont strives to achieve, and is measured against, the Vermont Grade Expectations (GEs). The GEs are standards for all students that are measured in a number of ways. First, the state mandates that students in grades 3 through 8 and grade10 be assessed using the New England Comprehensive Assessment Program (NECAP). Students in grade 2 are mandated to take the Vermont Developmental Reading Assessment (DRA). For 2007, the Rutland City Public Schools as a district and each school individually achieved Vermont's targeted standard, known as Adequate Yearly Progress (AYP), for "all students." Students are also assessed using local tests and in class evidence of progress toward the same Grade Expectations. These assessments are used to design instruction and target intervention, or extra help, for students in need.

The health and well being of our students is at the forefront of our thoughts. After all, a healthy student will achieve more academically than a student carrying a number of risk factors. The 2007 Vermont Youth Risk Behavior Survey contains information about the health and lifestyles of students around the state and within the Rutland City Public School district. We monitor the data from this state generated survey as well as local data to organize our health and wellness resources in support of students and families in Rutland. We are extremely proud of our ongoing relationships with community health and wellness agencies including Rutland Mental Health, Rutland County Head Start, the Department of Child and Family Services, the Rutland Regional Medical Center, and Rutland's Police and Fire Departments.

Your school district continues to operate in a mode of continuous improvement with a focus on professional development and student achievement. We are currently in the second year of a major focus on student literacy Pre K through grade 12. In addition to ongoing projects, teachers and administrators have recently developed a comprehensive, four-year, K-12 literacy plan.

Rutland City Public Schools strive to offer an outstanding learning experience at a reasonable per pupil cost to the city taxpayers. For this school year the district's per-pupil cost is 7.7 % below the state average for all districts, as is shown on the FY07 State education property tax bills. That is, in Rutland we offer an outstanding educational opportunity for all of our children at a lower cost than the majority of the school districts in the state.

We look forward to continuing to work with you, our staff, and the students and families of Rutland City as we strive to provide the very best possible education for our community.

*In FY08 Rutland City Homestead Tax payments to the State Education Fund, net of prebates and rebates, are \$4,093,076. FY08 Rutland City Non-Residential Tax payments are \$6,412,552 for total payments into the Education Fund of \$10,505,628 toward the cost of educating all Vermont schoolchildren.

RUTLAND SCHOOL DEPARTMENT

In accordance with Rutland City Board of Education Policies, a free appropriate public education for all children with disabilities is guaranteed. If your child is disabled, or you know of a child with a disability from birth through age 21 who is not currently being served, please contact the Support Services Office at 773-1917.

City Treasurer

Wendy L. Wilton, Treasurer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I will do my best to reflect on fiscal year 2007, as I served as your Treasurer for only the last quarter of the period. I will comment on significant events that occurred, how we currently stand, and identify key priorities as we move forward from my perspective as Treasurer.

Fiscal year 2007--which began July 1, 2006 and ended June 30, 2007--was a year of reparation for the City. The City recognized at the end of FY 2006 that it had been deficit spending for some time and had accumulated a deficit of approximately \$5 million. The City financed this deficit with a \$5 million Current Expense Note--a term loan amortized over 10 years, but due and payable in five years (see Schedule of Debt).

Tax collections in fiscal year 2007 were off to a rocky start with a software conversion that delayed the printing and mailing of tax bills until late September 2006. Repairs to the water plant roof had also begun at that time putting further pressure on cash flow. Both of these situations contributed to a cash flow dilemma. At one point in fall of 2006 the City owed about \$13 million in short term debt in the form of tax anticipation notes and a line of credit for the water plant repair, in addition to the new \$5 million loan. The total amount between the short term funding and the Current Expense Note was more than the outstanding bond debt issued by the City and Rutland Public Schools combined.

The tax anticipation notes were reduced to \$5 million by the time the first and second quarter property tax collection was completed in November 2006. The City executed a \$6 million line of credit for the water plant roof repair project to replace the \$3 million line of credit originally procured for that purpose. Advice and support from our bond counsel, J. Paul Guiliani, and our TD Banknorth loan officer, Jean Kelly, was critical and timely. I want to thank them both publicly for their steadfast efforts on the City's behalf to get us through this difficult period.

Audited financial statements for FY 2005 were not available until the start of FY 2007, making it difficult for the City to make timely management decisions. The audited financial statements for FY 2006 and the City annual report were not available until spring 2007. Both the 2005 and 2006 audits indicate deficits and cite material weaknesses in the fiscal operation of the City. The material weaknesses, while not limited to the Treasurer's office operation, include issues pertaining to the overall fiscal management of the City.

L to R: Penny Stein, Catherine Cioffi, Julie Tripodi, Dawn Papineau-Curtis, Wendy Wilton, James Manning

Some improvements regarding these identified weaknesses were made in FY 2007, but many serious issues were not addressed and I expect comments in the FY 2007 audit to be similar to previous reports. Fiscal performance in FY 2007 is difficult to measure specifically at this writing due to the quality of the internal recordkeeping for most of the period, yet I expect the general fund deficit will be significantly less than the prior year. The audit for FY 2007 will be available in early 2008. As soon as it is finalized I will make the document available on the City's website: www.rutlandcity.com

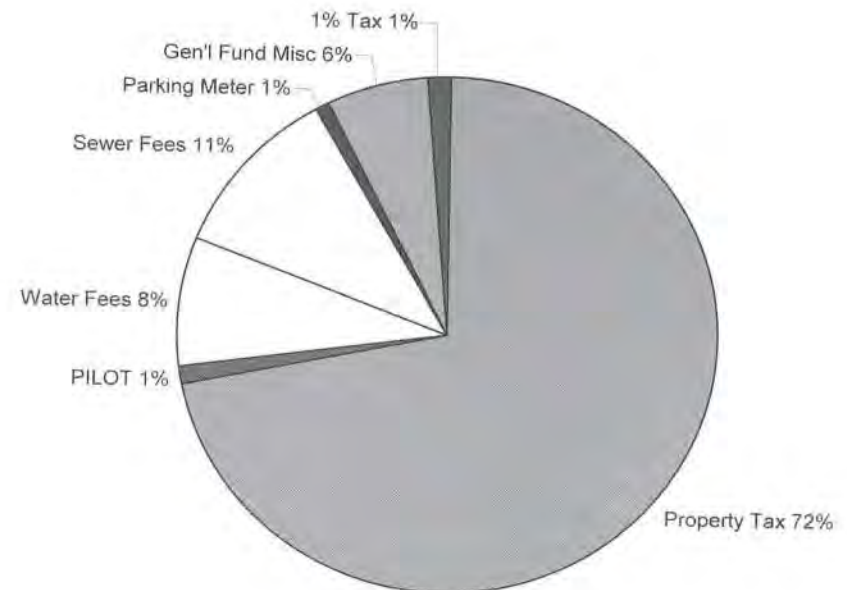

FY 2007 FINANCIAL OVERVIEW

While audited financial statements for FY 2007 are not available at this time, I have used FY 2007 data from internal documents to develop the charts with adjustments to the information as needed. The numbers shown indicate that uses exceed sources by about \$700,000. This difference is likely to be reduced as a result of the audit process.

REVENUES

The City depends upon property taxes to fund most of City government and to provide our local education share to Rutland Public Schools. Approximately half of the property tax billed is transferred to the schools as our local share: property tax revenue in FY 2007 was approximately \$23 million, and local education share paid was \$11.7 million. Additional revenues include water and sewer fees; recreation program fees; parking meter revenue; payment in lieu of taxes (PILOT) from state and federal sources; grants; interest, penalties, and collector's fees on delinquent accounts; and interest earnings on deposits.

Sources of City Funds FY2007

Sources of Funding:	\$	% of total
Property Tax	23,008,486	71.6%
PILOT	368,769	1.1%
Water Fees	2,641,667	8.2%
Sewer Fees	3,488,924	10.9%
Parking Meter	195,806	0.6%
Gen'l Fund Misc	2,021,572	6.3%
1% Tax	425,176	1.3%
Total (unaudited)	32,150,400	100%

EXPENSES

Aside from the payments to schools, our next largest expenditure is wages and costs associated with wages, such as healthcare and workers' compensation insurance.

Employers have seen rapid increases in healthcare and workers' compensation insurance costs in the last decade. Currently, the City pays 100% of the basic healthcare premium for its full time employees and retirees (up to age 65) who were union-affiliated or retired under voluntary early retirement programs offered in recent years. The City's healthcare insurance provider is Blue Cross/Blue Shield (BC/BS). In 2008 the City will see a 13% premium increase, limited by contract; the actual cost increase for 2007 was 27%. Therefore, cost of healthcare will put upward pressure on the budget in FY 2009. Vermont League of Cities and Towns (VLCT) changed its healthcare plan from BC/BS to CIGNA in 2007. The City did not keep its longstanding relationship with VLCT health insurance program due to language in the police contract of February 2007 specifying BC/BS coverage.

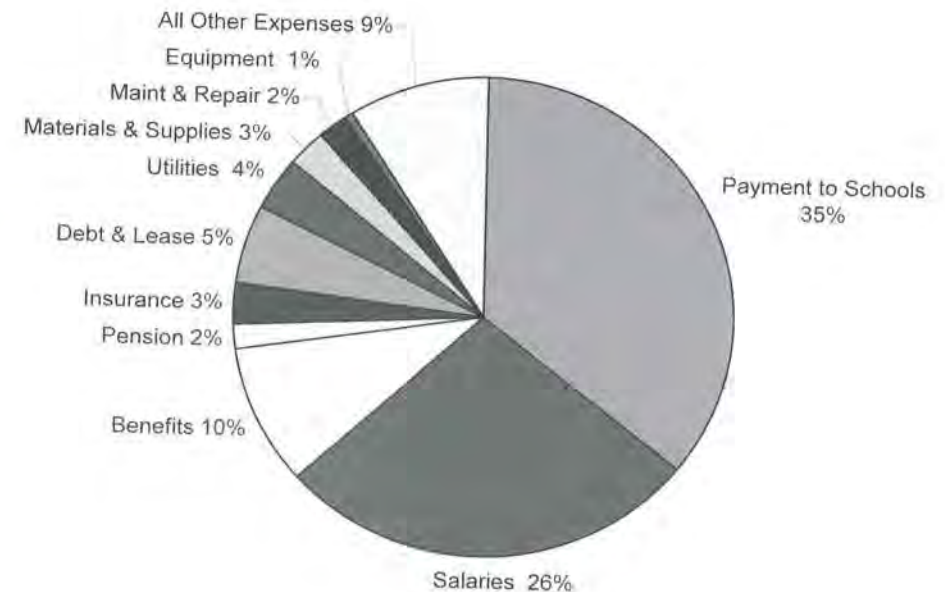

Worker's compensation costs increased dramatically in recent years due to greater utilization and some high cost claims. The City's experience modifier increased from 1.21 in 2005 to 1.40 in 2007, whereas a ranking of 1.0 or less is desirable. As a result of the increase in our modifier the City saw a 35% increase to its worker's compensation rates. Mayor Louras has reconstituted a safety committee to address worker's compensation costs by reducing workplace injury risk and has actively involved management and employees in this process. Our worker's compensation and liability insurer, VLCT, has been supportive of this process.

Capital expenditures over the last few years have been severely limited due to budgetary constraints. This is an area that will need attention to ensure our operations function efficiently and that our infrastructure is maintained. Our capital expenditure for FY 2007 is a small portion of the budget, which is inadequate given the need to have a capital improvement and equipment replacement program to control future costs. This also represents area of risk to the City.

Debt service comprises about 5% of expenses, but this figure will increase after FY 2007. A bond anticipation note used for the final stage of the sewer plant upgrades has been converted to permanent funding (See Schedule of Debt). In FY 2008 a new bond is anticipated as the line of credit used to fund the water plant roof repair is converted to permanent financing. This additional debt service is budgeted to be paid from the water and sewer funds along with existing water and sewer bonds and the Current Expense Note.

Energy costs are another area of cost pressure for the City as well as all citizens for both heating fuels and gasoline/diesel fuel. On a brighter note, energy efficiency measures implemented at the Fire Station and other City buildings have resulted in significant savings in the latter part of FY 2007.

Uses of City Funds FY 2007

Uses of Funding	\$	% of total
Payment to Schools	11,713,409	35.7%
Salaries	8,995,232	27.4%
Benefits	3,123,476	9.5%
Pension	515,050	1.6%
Insurance	865,919	2.6%
Debt & Equip Leases	1,765,759	5.4%
Utilities and Energy	1,211,984	3.7%
Materials & Supplies	840,678	2.6%
Maint & Repair	630,805	1.9%
Equipment	169,225	0.5%
All Other Expenses	2,985,605	9.1%
Total (unaudited)	32,817,142	100.0%

KEY CHANGES IN FY 2007-FY2008

Changes in management in the Treasurer's Office were made in the last quarter of the fiscal year. I was elected in March 2007 and a new Assistant Treasurer was appointed. Staff in the collector's office remained the same throughout fiscal year 2007 which provided stability in the operation of the Treasurer's Office. I convened a group of advisors to provide input on strategic direction and management issues from time to time. I have given a monthly report to the Board of Aldermen since April 2007 to update policymakers, the administration, and the public about City finances and to keep them apprised of changes we are making over time.

The Mayor and the Board of Aldermen were successful in developing a sound budget for the upcoming fiscal year by using a zero-based budgeting approach—building it from the bottom up, rather than unilateral cutting from a department proposal or last year's budget numbers.

Separation of duties between recordkeeping and cash transactions was accomplished between the Treasurer and Assistant Treasurer. Prior to this change the same person in the Treasurer's office had access to the bank accounts and the accounting system. While there is much more to do, this represents a significant operational change that respects internal control guidelines.

Student interns from Castleton State College were hired to assist us with accounting tasks and work overflow from the transactional office. This has now led to a larger internal control project to be accomplished in FY 2008 with Castleton State College aimed at addressing the operational concerns in the recent audits including the development of procedures.

Obligations of the City, including our bank and bond payments were made on time: the Current Expense Note principal and interest and the tax anticipation note were paid when due at year-end. Payments to Rutland Public Schools were paid on time, or early. TD Banknorth refunded our tax anticipation note for City and School use, and we issued debt through the Vermont Municipal Bond Bank to refinance a bond anticipation note related to our recent sewer plant upgrades (CSO Phase 2A bond in Schedule of Debt).

The property tax collection system was successfully transitioned to NEMRC in the last quarter. The Treasurer's Office began a process aimed at cleaning up tax billing errors due to the previous collection system. Treasurer's Office staff members have received training related to the new system, both on site and off site training by NEMRC. The new system supports a state-compliant bill format and illustrates the components of the tax rate. The new format tax bill was sent to taxpayers on July 31, 2007—a full month before the first quarterly payment due date. A full month of collection provided better cash flow for operations, and less reliance on tax anticipation funding, compared to the prior year. The new software allows the City to incorporate data from the state to offset tax bills with prebates attributed to homestead parcels.

Collection efforts have been stepped up to ensure delinquent accounts are informed and monitored on a quarterly basis for both property taxes and water and sewer fees. This effort has allowed payment plans for aggregate amounts generally under \$2,000 and tax sales or water shut-offs for higher amounts or long term delinquencies.

Organization of records and improved management was accomplished in areas of: pension database, employee benefits, personnel records, bank statements, daily process work and maintenance of delinquent accounts. Payroll and Accounts Payable operations are now maintained in a secure area, along with payroll records. The state of some of the records throughout most of FY 2007 represented risk to the City with respect to privacy, accuracy and control. Recordkeeping has improved significantly with the application of solid accounting principles

and accounting system maintenance.

As Treasurer I am chair of the Pension Board composed of members of the Rutland City School Board and the Board of Aldermen. Since July the Pension Board has put out a request for proposal for actuarial services for the pension, hired a new actuary, reviewed investment performance and discussed the need for an audit. A new actuary will be able to assist employees with statements and benefit calculations in 2008. Our pension assets are \$52 million and the pension is 84.7% funded as of 2007. While this is better than the national average, it has slipped from 91.1% funded as of 2005. The decline is due to contributions below the actuarial recommendations and changes to the plan through union contract language impacting pension benefit criteria.

LOOKING AHEAD TO 2008

Challenges lay ahead for the City with respect to increasing operational costs, especially in areas of healthcare, liability insurance, energy costs, and debt service over the short term. Therefore, providing timely information to the policymakers and the public is a top priority of the Treasurer. In addition to the monthly report given to the Board of Aldermen, quarterly results for revenues and expenses versus budget are now available on the City website starting with first quarter, FY 2008. The website is www.rutlandcity.com and the Treasurer's Office is under City Departments.

The line of credit used to fund the water roof repair is expected to be refinanced with funding from the Vermont Agency of Natural Resources/EPA in the amount of \$4.6 million. The remainder of the project costs (excluding legal fees) will be supported by bank debt, until an additional amount is available to us through the revolving fund in FY 09 to complete the long term funding for the repairs.

The Treasurer's Office will be committed to ensuring we are diligently collecting debt owed to the City. Regular statements to late payers and a strong collection strategy through the tax sale process for the most egregious accounts will be pursued consistently. This policy will reduce delinquencies; improve our cash flow, and our balance sheet.

Operational improvements will be an ongoing focus of the Treasurer's Office during FY 2008, including new software for accounting and parking ticket functions. The internal control project suggested and supported by Professor Joanne Pencak of Castleton State College will be a cornerstone for the development of good procedures and policies throughout City government relating to control. This project has been well-received by the Board of Aldermen and has earned the City recognition from the State Auditor, and from our bond counsel and lenders. The product of this study for the Treasurer's Office specifically will be documented procedures that will reflect policy direction approved by the elected policymakers.

Rutland Historical Society

Michael F. Dwyer, President

To the Honorable Mayor, Board of Aldermen and Citizens of Rutland City:

The Rutland Historical Society continues to flourish in its 39th year, and the Society headquarters on Center Street remain a hub of activity. Here is a summary of some of the highlights of the Rutland Historical Society's past year.

- Publications: News From Nickwackett, the Society's newsletter, is published four times a year and provides a summary of recent activities as well as upcoming events. Newsletters are mailed with copies of the Society's award winning publication, Rutland Historical Society Quarterly. One of the new 21st Century innovations is for the last Quarterly of the year to be a calendar illustrated with images from the towns that once comprised the old Town of Rutland. Helen Davidson has also continued to write a weekly column entitled "Tidbits From Then and Now" which is published in "Sam's Good News".
- Historically Speaking: At press time, 88 episodes of the popular half hour television program have been created. In May 2007, Jim Davidson, producer of Historically Speaking, received, on behalf of the Society, PEGTV's Romeo Award for Best Show. In the near future episodes will not only continue to be broadcast on Channel 15 but they will also be able to be viewed through streaming video accessible through PEGTV's web site. Our television programs, along with the web site described below, bring the Rutland Historical Society to a much greater audience than would have been possible without the advancements in information technology.
- Web Site: The Society's web site may be accessed at www.rutlandhistory.com. It features a variety of areas where the viewer can learn about and interact with the Society. The Historical Miscellany and Tidbits from Then and Now areas feature continually changing material. Many people in pursuit of genealogical information interact with Society volunteers through the free Message Board. Last year there were over a quarter of a million visits to the Society web site.
- Programs: The Society continues its long tradition of providing live programs. The Winter/Spring 2007 programs included a presentation on multi ethnic Rutland at the Diamond Run Mall as part of the Martin Luther King Day celebration; a PowerPoint lecture on the Rutland Railroad; remembrances of former mayor, John Cassarino; and a round table discussion about the Rutland Royals pre war baseball teams.
- Parades: Members of the Society, accompanied by Nick, the Nickwackett squirrel, once again participated in both the Halloween and the Loyalty Day parades.

- Other Events: On New Year's Eve 2006, the Society continued a long tradition of providing recorded music at the Asa Bloomer Building as part of the First Night celebration. The Society celebrated Rutland's railroad heritage at the 2007 Vermont History Expo in June at Tunbridge, Vermont. An eye catching banner showing the Rutland railroad yard of 1879 was a highlight of the Society's booth. Numerous programs have been presented by Society members during the year at engagements for local groups.

It also should be mentioned that numerous visitors to the Society during its public hours have been served by Society members too numerous to name. None of these services could have been provided without the efforts of a core of volunteers who give unselfishly to the Society. In addition to the Board of Directors and Officers, additional members host the Society's public hours and do work on the various Society committees. As donations of papers, photos and artifacts continue to be received, three Collection groups meet weekly to add these items to the Society's ever growing collections. Thank you all.

List of Unpaid Taxes as of June 30, 2007

The list of unpaid taxes as it appears on the records of the City of Rutland as of June 30, 2007 pursuant to 1 VSA Chapter 5, Subchapter 3. Persons listed are the owner(s) of record as of April 1 the year preceding the tax year as shown. Subsequent to the date are taxes that are delinquent. The City realizes that transfers may have occurred subsequent to April 1 and that taxes became due and delinquent and such listed individual(s) may not be responsible for the amounts indicated. Amounts shown are taxes only, exclusive of interest and penalties.

1991	
Isabelle, Gene E., 54 Cramton Ave	\$860.33
